

In class we used balls of clay that weigh the same amount on the balance scale to make different sculptures. Students see that the same amount of clay can take various forms without changing the weight.

Today's homework is a review of fluency work from Module 3.

Name _____

Date _____

Color 4 apples.

I colored ____ apples.

I need to color ____ more to make 10.

Color 2 apples.

I colored ____ apples.

I need to color ____ more to make 10.

Color 7 apples.

I colored ____ apples.

I need to color ____ more to make 10.

Color 1 apple.

I colored ____ apples.

I need to color ____ more to make 10.

Color 9 apples.

I colored ____ apples.

I need to color ____ more to make 10.

Color 3 apples.

I colored ____ apples.

I need to color ____ more to make 10.
