Name _____   Date _____

Using the piece of string from class, find three items at home that are shorter than your piece of string and three items that are longer than your piece of string. Draw a picture of those objects on the chart. Try to find at least one thing that is about the same length as your string, and draw a picture of it on the back.

Shorter than	Longer than

COMMON CORE

Lesson 2: Compare length measurements with string.
Date: 7/31/13
